# Fused Glass, Stained Glass and Mosaics

This brochure gives you an idea of the pieces that I have made and what I can make

Art glass and mosaics are available in many colours, textures, transparent and opaque. Items can be made to your taste and palette if the pieces in this brochure do not fulfil this.

This is a living document and will be added to as time goes by. I am constantly creating new designs and am open to further suggestions. If I have sold an item in this brochure that you particularly like I can make you another one.

Prices range from £5 to £120.

# **Fused Glass**

I have a small kiln in my Studio and create beautiful artworks which, with more than one firing, can become shiny, smooth and shaped. They are tactile and colourful.

My name is Jane  
and I have been  
making things out  
of stained glass for  
four years.

I have a workshop where I can create  
beautiful or messy things as I wish.

I can take up to 3 guests to work at my large centre table. I have a good supply of coloured glass for both copper foil techniques and fusing. I have a small glass kiln which can fuse glass items. As it takes 24 hours to complete I will send on anything made in a workshop.

Thank you for looking at my Brochure. I hope there was something to inspire you. If you have a specific person or event (wedding etc) that you would like a special gift for please get in touch.
